Voting all the regular estimates and and the kind of roadway or p aget of the special estimates incorporated in the report of the commitee on finance, Timothy C. Murphy TWELVE MILE HIKE and Henry Gebrath, the voters of the city of Norwich laid a tax of 11 1-2 nills on the last city list, at the adourned annual city meeting held

mills on the last city list, at the adjourned annual city meeting held Monday evening in the Town Hall. This is a reduction of one-quarter of a mill as the tax laid last year was it at mills.

The extras voted included the improvement of Thames street, North Main street, Lincoln avenue, Franklin street, Laurel Hill, bridge to the court house, entailing a cost of \$35,900, an appropriation of \$500 for municipal band concerts and \$500 for the play-grounds movement. The Forest street improvement and the Rockwell street improvement incorporated in the estimates were indefinitely postponed. The amounts asked for these improvements totaled \$6,000.

The meeting lasted just one hour and ten minutes and the attendance numbered over \$90. It was the first city meeting that Mayor Allyn L. Brown presided over.

As the town clock was striking the hour of eight Mayor Brown took the chair amidat a burst of enthasiasm. He called the meeting to order and City Clerk Arthur G. Crowell read the list of estimated expenses for the coming year and the call issued for the meeting.

Department of Public Works. The science class of the Academy on Friday hast planned a "hike" which, because of the weather, proved to be an indoor "hike." the class gathering in the classroom where the time was passed telling stories and enjoying the candy presented by the teacher, Allen Latham.

Monday afternoon, however, the original plans materialized and a real hike of twelve or more miles was enjoyed. members of the class and Eight members of the class and Mr. Latham carrying a large box of candy left Franklin Square at 12.45 noon, making their first stop at Bailey's Ravine. The second stop was at Baltic where a call was made upon Miss Ethel Brown, a class member, who invited them down to Mr. Brown's bakery, "here all kinds of good things were eater.

The party, including byside Mr. Latham, the Misses Geruddine Oat, Dorothy Jones, Anita holden, Helena Falvey, Rath Harding, Helen Storms, Rita Foley and Sybil Browning, arrived in town at 7 o'clock, and all were most enthusiastic over the outing.

Department of Public Works. Department of Public Works.

The first matters taken up were the items under the regular estimated expenses. The first was the department of public works for which \$61,160 was asked for, as follows: Ordinary repairs and expenses \$32,000, outside work \$3,000, garbage and ashes \$7,500, sewers and catch basins \$2,500, macadam repairs \$7,500, oiling and sprinkling \$6,000, parks and trees \$2,000, relaying Warren and Broad street sewer \$6,000, total \$31,180.

Councilman Telley E. Babcock moved they be approved and the motion was seconded by Judge H. H. Pettis. The motion was carried and they were approved.

Appropriations for New Sewers

At the June meeting of Home Chapter of The King's Daughters, held Monday afternoon at the Johnson Home there was the largest gathering in months, 75 being present. Two new members were admitted, making the membership 111. An interesting report of the county conference, held May 19 in Danielson, was given by Mra Dennison Chapman. A large box of infants' clothing which the circle has either made or purchased was in readiness for Backus hospital, also a large quantity of old linen for use in the hospital. This was the last meeting of the season, the next coming in September. Appropriations for New Sewers The sum of \$2,760 for new sewers was the next matter before the meeting. This amount was divided as follows: Washington street \$700, Mechanic street \$490, Sunnyside avenue and Phillips avenue \$770, Oakridge street from Golden street \$800; total \$2,760.

Judge H. H. Pettis moved the ap-proval of the estimate for the Wash-ington street sewer and the motion

ing of the season, the next coming in September.

At 4 o'clock sandwiches and coffee, cake and ice cream were served by this committee: Mrs. Jane Kinney, Mrs. Mary Jewett, Mrs. Pichard Johnson, Mrs. Charles Keubiar, Mrs. George Kampf, Mrs. Benjamin Lewis, Miss Henrietta Lanz, Mrs. ames Miner, Mrs. William Monroe, Mrs. John Morrison, Mrs. James McKee, Mrs. William Noyes, Mrs. Flora Noyes, Mrs. William Oddy, Mrs. C. J. Orn and Miss Elizabeth Ortmann. Eggs 19.0 and 16.5 per dezen.

City Street Improvements. City Street improvements.

The mayor then asked for action on the Thames street pavement for which \$7,510 was asked for Ex-Mayor Timothy C. Marphy then presented the following resolution:

That this meeting approves of the permanent improvement of the streets herein mentioned, at a cost not to exceed the sum stated for each as follows: Perhaps it would be just as well if the British devoted less attention to the United States mail and more to the German navy.—New York World.

Thames Street \$7,500
North Main Street 14,000
Lincoln Avenue 2,500
Franklin Street 2,000
Laurel Hill Bridge to Court
House (top-gressing
with asphalt) 2,000

and the kind of readway or pave-ment to be constructed and material to be used in the work shall be determ-ined by the committee on public works of the Court of Common Coun-cil and that said sam be and is here-by appropriated for said purposes. Payments to be made as hereinafter stated.

cil and that said sum be and is hereby appropriated for said purposes. Payments to be made as hereinafter stated.

That the borrowing of such sums or money not exceeding \$28,000 in all, as may be necessary for the purposes aforesaid is hereby sanctioned and authorized with the understanding that the total amount so borrowed shall be repaid in five equal or substantially annual installments, first installment to be paid this year, for which notes or other proper written obligations shall be executed and delivered for and on behalf of the City of Norwich. The resolution was seconded.

After the resolution had been seconded Mr. Murphy offered a few words of explanation. This amount of \$28,000 for those improvements which have have been asked for year after year may seem to many people to be exorbitant, he said. But the day has come when the people of Norwich must make permanent improvements on their highways. (Applause.)

He went on to show that this appropriation would mean only a nominal expense to the city. He said he didn't propose to lay any burden on the city of Norwich and then went on to show how he had cut down the appropriations asked for. In closing he said he hoped the resolution would be considered fairly and that it would pass the meeting.

James C. Macpherson arose to say that he seconded Mr. Murphy's remarks and he spoke of the poor condition of the streets, and said it was time we took up this problem in the interests of the city.

Frank H. Smith seconded Mr. Murphy's resolution and when the mayor put the question it was unanimously passed. The passing of the resolution was greeted with prolonged applause and stamping on the part of the five hundred or more in the hall.

Forest Street Improvement Postponed. This brought the meeting down to

Forest Street Improvement Postponed.

This brought the meeting down to the sixth matter on the list which was the improvement of Forest street for which \$1.000 was asked for.

Mr. Murphy took the floor and said that in view of the improvements already voted he thought that this item could be taken care of by the ordinary repairs appropriation. Joseph T. Fanning moved that the Forest street improvement be indefinitely postponed and it was so voted by the meeting. Then the Rockwell street improvement was called up. Five thousand dollars was the amount asked for Mr. Murphy again took the floor. He said this was the first time this improvement has been asked for and that the suggested that this matter could be taken care of by the ordinary repairs account. In closing he made his suggestion a motion and it was passed.

Five Hundred For Playgrounds. Five Hundred For Playgrounds.

Five hundred dollars for the playgrounds movement was next on the
list. In behalf of the children who
are going to take our places in a few
years I move the approval of this appropriation, said J. D. Haviland and
it was voted.

Councils.

propriation, said J. D. Haviland and it was voted.

Councilman Babcock then arose to say a few words in regard to the two notes for \$10,000 each and he moved that the \$20,000 be paid from the general sinking fund of the city. Mr. Murphy spoke of the unsigned letter writing in the local newspapers in regard to these notes and went on to explain how those notes came into existence and in closing said that the city was in much better financial condition now than it was a year ago.

J. J. Corkery said it was the intention that the \$20,000 be taken from the sinking fund. He said the estimated receipts of the water department were set down for \$45,000 and that he had learned from the city treasurer that he had received \$3,000 from the water department after the close of the water department year, March 31, 1916, and that \$3,000 of the \$45,000 had thus been paid in. He thought the estimated receipts of the water department ought to be put in as \$42,000.

Francis J. Leavens raised the questions and the stage of the water department ought to be put in as \$42,000. as \$42,000.

tion as to whether the meeting had any authority to take money from the general sinking fund for the payment of the notes. Purpose of General Sinking Fund. Purpose of General Sinking Fund.

Mayor Brown asked if there was any one in the room who was an authority on that matter and Joseph T. Fanning, corporation counsel last year, said that in 1903 the legislature gave to the city of Norwich authority to create and maintain a general sinking fund any part or the whole of which could be used for the payment of any maturing bonds, notes, or certificates of indebtedness upon vote of the Court of Common Council and he thought it was proper that the two the Court of Common Council and he thought it was proper that the two notes be met at this time by money taken from this fund.

The resolution offered by Councilman Babcock was then passed by the mostling.

meeting. Corporation Counsel Amos A. Browning introduced a resolution authorizing the court of Common council to make the appropriations requisite to pay the expenses of the city in secondance with the extincter appropriate to the city in secondance.

with the estimates approved at the meeting, and the resolution was passed Laid 11 1-2 Mill Tax.

Corporation Counsel Browning then presented a resolution that a tax of 11 1-2 mills on the dollar be laid on the list of the city of Norwich last made, payable to the city collector on the 19th day of October, 1918, to meet the expenses of the city for the current fiscal year upon the estimates approved and appropriations authorized by the meeting. He explained that the extras voted called for a half mill tax, which added to the 11 mill tax required by the general appropriations would make at tax rate of 14 1-2 mills. Martin Jensen moved the adoption of the resolution, and it was adopted.

Corporation Counsel Browning offered a resolution that the compensation of the collector be 1 per cent. of the tax collected by him. This resolution was balloted upon and passed.

The next matter was to determine whether approval should be given to a properly executed grant to the Hopkins & Allen Arms company of the city's rights in or to the strip of land along which the waters of the Franklin street brook formerly passed containing the city's public sewer, which sewer, with the flow of said waters, was recently changed from the land of the release, at the place designated by the strip of land, to a location in and along Chasinut street.

Corporation Counsel Browning presented a resolution that the release deed of the city to the Hopkins & Allen

Sale of Fire Station Deferred.

when put to a vote the motion to indefinitely postpone the resolution was passed.

The final matter before the meeting was the approval of the proposition to unite with the Norwich Town sewer flistrict in providing a public sewer to accommodate those residents on Washinston street north of Chelsea parade to the city line.

Judge H. H. Pettis presented a resolution authorizing the mayor and common council and directing them to confer with the officials of the Norwich Town sewer district and with such to the persons as they may deem proper for the purpose of determining the method and cost of providing sewering to the facilities for that portion of Washington street referred to and that they report back to a city meeting to be called for that purpose and for the purpose of taking action on the matter.

purpose of taking action on the matter.

Offering a few words of explanation, Judge Pattls said that the citizens of Norwich Town, the lower portion, have formed a sewer district. That an appropriation has been made for the construction of a sewer for the accommodation of the residents on Washington street northerly from Chelses parade to the city line, and first he understood that the only way a connection could be made would be up through Norwich Town. That the resolution merely directed the mayor and council to investigate and report back to a city meeting.

Dr. Cassidy said that objection would be made by the Falls company if the sewer emptied into the Yantic above the dam. Judge Pettis stated that the resolution was introduced for the purpose of getting any such information. Corporation Counsel Browning said he had talked the matter over with Engineer Pitcher, who had told him that something had to be done to enable the people on that section of Washington street to have different sewage facilities than they have now.

The resolution was voted, and as there was no more business the meeting adjourned at 9.10 o'clock.

WEDDINGS.

Briggs—Sears.

Ghadys Louise Sears, daughter of Mr. and Mrs. Chauncey Sears, of Fall River, and Charles Walter Briggs, formerly of this city, were married in the Central Congregational church, Fall River, Saturday evening.
